Sorry

The rules for sponsoring a CAC are very specific so unless you need logical access to an IT system or are doing foreign travel for NAVO, we can't sponsor you.

Bill,

Thanks for the information. Under our IDS contract can you issue a CAC card? Mine is expiring and I am looking for another sponsor.

Thanks,

Hey Doug. Good to hear from you.

Things are going good here staying very busy.

We are very happy with the contract performance so far. They have been doing the quarterly system checks. We have never done those in the past but they have proved valuable because they have found faulty devices.

The ACS replacement is progressing very slow. We ran into end of the year problems. We still have a mandate to replace any system running on Windows XP.

How are you doing?

How are the guys doing on the IDS service?

Do you have any news on the access systems change out project we quoted?

Thanks,
